OCTOBER GRAND JURY RECALLED HOOVER PARTY IN NICARAGUA

PROSECUTOR WILL SEEK INDICTMENT ON MURDER CHARGE

Cooper Unperturbed Family Engages Defense Counsel

Prosecutor J. Carl Marshall has asked a special session of the October grand jury to convene in Common Pleas Gourt next Monday morning! to consider the case of Gilbert Cooper, 49, held in the County Jail in connection with the death of Caleb Hitchcock, 23, Cedarville, who was fatally shot, county authorities say, during an argument over some traps along Massies Creek late Saturday after-

Prosecutor Marshall has not intimated the nature of the indictment which will be sought against Cooper although authorities believe that it will propaply be first degree murder. The prosecutor declared he would not reach a decision until he had made a further investigation of the shooting.

Coopers family has requested that Attorney Frank L. Johnson defend him and Common Pleas Judge R. L. Gowdy is expected to appoint Johnson as legal defense counsel after an indictment has been returned by the grand jury.

Under an agreement made by Prosecutor Marshall and Attorney Johnson with the idea of speeding up the case, preliminary arraignment of Cooper before R. O. Copey, justice of the peace, Tuesday, was dispensed with. It was agreed to place consideration of the case the hands of the grand jury at affidavit against the alleged slaye harging murder, since such preliminary procedure could only end! in bunding Cooper over to the grand jury in any event.

• If a first degree murder indictment is returned, a special jury venire would be drawn and prospective members of the jury would ave to be given thirty days notice before the trial is held.

Meanwhile Coroner Frank M. Chambliss was taking steps Tues day to hold a formal inquest into the death. He expected to con-(fer with the prosecutor Tuesday and declared the inquiry would un doubtedly be held as soon as pos sible this week. As Wilbur Hitch

BOOZE KILLING MORE THAN WAR

"Nearly 10,000 persons in New York City will die this year and I trust you're "doin' bad, from strong drink. Our national casualty list for the year from this one cause will outstrip the toll of the World war (126,000 deaths). Beyond question, alcohol is easily at the head of all causes of death listed in the tables."

This is the startling estimate made by Dr. Charles Norris, out. chief medical examiner of New York City, in an article in The out that Certain Business, par-North American Review.

Instead of declining with the advance of the Prohibition era, the national mortality rate from drink is actually gaining several points a year, Dr. Norris declares. The major danger, he asserts, is not in deaths traceable directly to poisoned alcohol but in the widespread drinking of whisky and gin made carelessly and consumed in its raw state. Even the purest liquor when new contains poisonous elements which work subtly to him? undermine the health, he points out.

REAL DISCOVERY

Less conspicuous than finding the North Pole or a new continent or a new race of people are the discoveries in another line. But the less spectacular discoveries may effect more people for good or evil than all the adventures of explorers from now on. We learn, for example, from the late Lord Haldane, that the total amount of phosgene gas required to put the city of London "out of business" could be carried by enemy aircraft. In case of another case defense preparations heretofore unknown would have to be provided.

We learn that the radium industry is in the hands of a Belgian monopoly, but that specimens from a mine in South Australia have been examined and found excellent. This may put Great Britain in

SPARKS CAUSE FIRE IN YELLOW SPRINGS

Sparks from a chimney are beieved to have been responsible for a fire which caused damage estimated at \$1,000 to a two-story frame residence in Yellow Springs, owned by Walter Henry, of near Springfield, Monday afternoon.

Six minutes after the blaze was discovered members of the Yellow Springs fire department had water on the building. The roof of the house and the upper story were badly damaged.

The families of Alonzo Mitchell and Russell Miller tenanted the
